

The 2 Turbine Engines of

MH370

Two turbine engines of the Boeing 777 (MH370) also went missing on March 8th 2014.

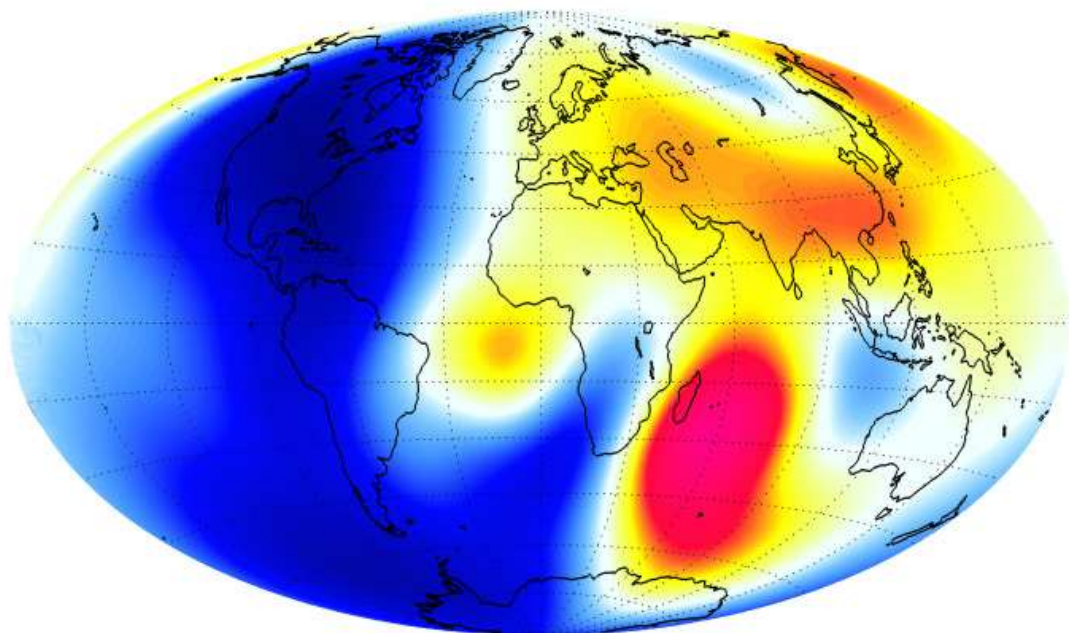

This Boeing 777-2H6ER had 2 Rolls Royce Trent 892:

- 13,400 pounds (6 t) each
- 180 in x 110 in (4,5m x 2,8m) each
- 80% nickel (Inconel) (roughly 4,8 t Nickel each)
- Nickel can be made strongly magnetic

Now watch the following picture below:

Earth Magnetic Field Change between 1/1/2014 – 30/6/2014, as a pink anomaly in the Indian Ocean (100 Nanotesla, $\Delta 0,16\%$).
